COR-1498-61
Copy 1 of 6

28 December 1961

MEMORANDUM FOR: Acting Chief, DPD/DDP

ATTENTION:

25X1A9a

SUBJECT: Ramp Data for C³ Missions

REFERENCE: (a) [REDACTED] 6160 (OUT 06122)

25X1A2g (b) [REDACTED] 2838 (IN 20388)

1. NPIC requires data on the ramp used during each pass and the "instrument on time up ramp" for each C triple prime mission. This is necessary for determining the position on the ramp during camera operation used in computing scan velocity and IMC.

25X1A2g

2. [REDACTED] in reference (b), suggests inclusion of this data in ZRR-70. This is agreeable to NPIC, provided it causes no delay in receipt of ZRR-70.

3. Attached is sample of data to be added to ZRR-70 in accordance with Reports Control Manual 55-2.
